

Student Parking

2015/05

Policy Origin: **Students**

Approved by:
Guild Summit – 29th October 2015
Board of Trustees – 5th November 2015

Expiry:
November 2018

I feel it is unfair that students aren't provided with parking options like staff are at the University as there is many of us that travel in every day too. I struggle to find a nearby parking area that I can park in all day for a reasonable price that sits within my student budget. It makes my days more difficult worrying about travel every day and to get to university on top of all the university stress anyway.

OUTCOME OF SUMMIT

Summit endorsed the idea but also asked that student parking be reserved for students who need it more such as placement students. Summit also wanted the Guild to look into cheaper bus passes as well as bike facilities.
